METHODOLOGY

METHODOLOGY

Study Population

- Albertans, aged 18 and older.

Data Collection

- A total of n=1,001 online surveys were conducted via Leger's LEO Panel, including:
 - n=320 in Edmonton CMA
 - n=331 in Calgary CMA
 - n=350 in areas outside of Edmonton CMA or Calgary CMA – referred to as Other Albertans
- Interviews were conducted from November 24th to 28th, 2022.
- This web survey was conducted using computer-assisted Web interviewing (CAWI) technology.

Statistical Analysis

- As a non-random internet survey, a margin of error is not reported.
- If the data were collected through a random sample, the margin of error would be:
 - Albertans (n=1,001) $\pm 3.1\%$, 19 times out of 20.
 - Edmonton CMA (n=320) $\pm 5.5\%$, 19 times out of 20.
 - Calgary CMA (n=331) $\pm 5.4\%$, 19 times out of 20.
 - Other Albertans (n=350) $\pm 5.2\%$, 19 times out of 20.
- Using data from the 2021 Census, results were weighted according to age, gender, and region in order to ensure a representative sample of the population.
- The numbers presented have been rounded to the nearest whole number. However, raw values were used to calculate the sums presented and therefore may not correspond to the manual addition of these numbers.
- In this report, data in **red** characters indicate a significantly lower proportion than that of other respondents at 95%/99% confidence. Conversely, data in **green** characters indicate a significantly higher proportion of than that of other respondents at 95%/99% confidence.

Detailed Response

Provincial Polling

DECIDED VOTERS

Slightly more decided voters would vote for the NDP (47%) vs. the UCP (44%).

Base: Albertans who are decided or leaning on who they would vote for in a Provincial election (n=851)

Q1. If a Provincial election were held today, for which political party would you be most likely to vote? Would it be for...?

Q2. Even if you have not yet made up your mind, for which of the following political parties would you be most likely to vote?

Of Decided Voters, those in Edmonton and Calgary are more likely to vote NDP than those outside of Edmonton or Calgary.

Q2. Even if you have not yet made up your mind, for which of the following political parties would you be most likely to vote?

While over half (54%) believe the affordability initiatives are to buy votes, more Albertans agree (49%) vs. disagree (23%) that these measures will improve the lives of Albertans.

Base: Albertans (n=1,001)

Q3. As you may know, on November 22nd, Premier Danielle Smith gave an update on the government's plans for the next several months, including introducing a number of targeted measures to fight inflation as well as introducing the Alberta Sovereignty Within A United Canada Act, changes to health care and other initiatives.

Albertans outside of Edmonton and Calgary have the highest support for the Alberta Sovereignty Act, while more Calgarians and Edmontonians believe the inflation initiatives are to buy votes.
